2

ABOUT POLITECH INSTITUTE

Reinvent Politics & Governance in Cyberspace

- A not-for-profit international association (AISBL) located in Brussels - Capital of Europe;
- A European Center of Political Technologies (i.e. *e-Politics, e-Democracy, e-Diplomacy, e-Citizenship, e-Governance and e-Government*) for better use of ICT to overcome the key challenges of digital governance, politics and democracy in a 'citizen-driven' digital world;
- A European home for network, exchange, consultation, information, debate, policy shaping, training, innovation and sharing of best practices;
- An 'innovation-driven Do Tank' bridging ALL stakeholders in converging domains;

3

ABOUT POLITECH INSTITUTE

Reinvent Politics & Governance in Cyberspace

- Promotes and plays an active role in policy shaping & innovation (European, national, regional & local levels);
- Delivers powerful and expert activities, services and instruments to empower, train, educate, activate and mobilize public, academic, civil and private stakeholders;
- A multi-disciplinary and expert team with a growing network of over 500 worldwide;
- Dynamic and active partnerships with key actors (e.g. *Global Cities Dialogue and e-Forum*), with prominent international events ("*Worldwide Forum on e-Democracy*", "*Global Forum, Shaping the Future*", "*Annual European Forum on e-Administration*" and "*e-Government in Belgium: The Leap Forward*"), in EU RTD programs (*FP6, ITEA, eContent+*)

4

ACTIVITIES

Reinvent Politics & Governance in Cyberspace

- Active partner and member of Steering and Scientific Committees in prominent international events (“Worldwide Forum on e-Democracy”, “Global Forum, Shaping the Future”, “Annual European Forum on e-Administration” and “e-Government in Belgium: The Leap Forward”);
- Organizer of a week-long module in Brussels: *The European Dimension: Strategies and Methods for Governance, Politics and Democracy in Cyberspace* within the framework of the Executive Master in e-Governance launched by the Swiss Federal Institute of Technology Lausanne (EPFL);
- Creator of *The European Review of Political Technologies*;
- Initiator of the *First European e-Democracy Award* in the Framework of the Worldwide Forum on e-Democracy (Sept. 2006);

5

ACTIVITIES

Reinvent Politics & Governance in Cyberspace

- Proactive consortia partner in EU RTD Programmes (FP6, eContent, ...);
- Initiator of a European Network of Excellence of Political Technologies;
- Training activities in partnership with major European Universities;
- Initiator of Inter-Regional and Inter-Parliamentary policy shaping workshops series (To be launched soon);
- Creation of dynamic partnerships with key stakeholders;

6

ACTIVITIES

Reinvent Politics & Governance in Cyberspace

POLITECH INSTITUTE

is continually developing additional innovative activities and upgrading its current ones based on its core competencies for the benefit of its members and the whole community of stakeholders to enhance European innovation, visibility and partnership in the converging domains of political technologies

through a European Wellspring of Excellence and Innovation to meet successfully the challenges of modern politics and public governance in Cyberspace.
